

Chip Hanna

Bio

I was born in Baton Rouge, Louisiana. After I relocated to the Orange County/Los Angeles area, I interned for Hans Zimmer at Media Ventures in Santa Monica California.

I have played drums in many bands, most recently United X Bombs, TSOL, The Weirdos, One Man Army and US Bombs. I have participated in countless tours of the United States, Europe and Japan, including dates in Russia.

I also play guitar and perform solo Americana material and have recorded 3 records in Berlin with members of German Psychobilly legends Madsin as Chip Hanna & The Berlin Three.

I met Mike House in the summer of 2016 at the Rhurpott Rodeo punk festival in Germany and struck up a friendship, sharing a love of making music, and a goal of someday performing together. I recorded the drums for *Rotten Little Kings* in my home studio in Phoenix, Arizona. I play vintage Ludwig and Slingerland drums with Sabian cymbals and Vater drumsticks. My guitars are Martin guitars.
